## DRAINS

## Bio-Enzymatic Drain Maintainer

### PRODUCT INFORMATION SHEET

**Description:**

A Bio-Enzymatic Drain Maintainer which keeps traps and drains free flowing, while eliminating odors.

**Description:**

A complex solution of micro-organisms that completely biodegrades all organic waste in grease traps and drain lines. The unique strain of bio-enzymatic bacteria produces a biomass that will digest and liquefy potential blockage. Contains proprietary foul odor eliminators.

**Dilution:**

8-16oz daily, as directed.

**Directions for Use:****Grease Traps:**

1. Remove as much grease and waste as possible before use.
2. Add 8-16oz daily.
3. Add at night or during minimal water use.

**Drains:**

1. Add an initial dose of 30oz followed by 8oz of luke warm water.
2. Maintenance process (after initial dose):  
Pipe size <4": 8oz daily addition.  
Pipe size >4": 16oz daily addition.

**Caution:**

- Causes eye irritation. May be harmful if swallowed.
- PRECAUTIONARY STATEMENTS:  
Keep out of reach of children. Read label before use. Use personal protective equipment as required.
- IF IN EYES: Rinse continuously with water for several minutes.  
Remove contact lenses, if present and easy to do. Continue rinsing.  
If eye irritation persists: Get medical advice/attention.
- IF ON SKIN: Wash with plenty of water.
- IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
- Refer to Safety Data Sheet before use.
- Protect from Freezing. Store in a cool, well ventilated area, away from direct sunlight or strong incandescent light. Do not expose to temperatures above 75°F or 24°C. Avoid contact with food, disinfectants and bleach.
