

Extreme

UHS Floor Stripper

Benefits:

Concentrated – Low dilution ratio

Aggressive – Normally requires only one application

Fast Acting – Penetrates and emulsifies heavily burnished UHS finishes

Description:

A super aggressive, low odour stripper with fast acting performance. The choice for professional cleaning contractors.

Caution:

- Corrosive material
- Avoid contact with eyes and skin
- Wear suitable protective clothing
- Read MSDS completely before using this product

Directions & Dilutions:

Cool to luke warm water can be used however cold is recommended for best results.

1. Mix a 1:4 dilution of Extreme UHS Stripper.
2. Apply solution liberally to floor with a mop. Allow solutions to soak for 5-10 minutes. Do not allow solution to dry on floor. Reapply additional solution if necessary.
3. Agitate the solution using the same mop.
4. Pick up the solution with a wet vacuum or auto scrubber.
5. Rinse floor with clean water to ensure all stripper residue is completely removed from floor.
6. Allow floor to dry thoroughly. Apply Swish floor finish according to label directions.
