FACTO PW50

Aqueous Parts Washer Cleaner

Benefits:

Concentrated – Economical to use
Low Foaming – Good surface impingement for effective cleaning
VOC Free – Safer for work environment
Phosphate Free – Environmentally responsible

Description:

A low foaming alkaline cleaner concentrate specially formulated for use at elevated temperature (40°C to 80°C) in a aqueous parts washer system. Produces constant cleaning results even when recycled. An excellent replacement for solvent based cleaners.

Caution:

- Use as directed
- Wear protective clothing
- Keep out of reach of children and from freezing
- Read MSDS completely before using this product
- Periodic top up may be required to maintain proper cleaning concentration
- Test concentration frequently using Swish FACTO test kit

Directions & Dilutions:

Dilute with water as required.

Light soil: 1: 20 parts water

Moderate Soil: 1:10 parts water

Heavy soil: 1:5 parts water
