

InnSync Liquid Silver Soak

Benefits:

Liquid formula - Easy to use
Concentrated - Economical to use
Contains enzymes - Protein removal
Phosphate NPE free - Environmentally responsible

Description:

A premium liquid surfactant enzyme that effectively loosens tough soil deposits for easier removal in mechanical or hand washing.

Caution:

- Keep out of reach of children
- Do not mix with other chemicals
- Read material data safety sheet before using

Directions & Dilutions:

Pre-soak utensils for 10-20 minutes in warm water solution. Longer soak times may be necessary for heavier soils. Do not soak overnight. For stainless steel cutlery and silverware use 9-15 mL/L. For aluminum pans use 12-38 mL/L (depending on soiling).

Consult your Swish Representative for detailed wash instructions for your specific applications.
