# InnSync Hardwater Rinse Agent

## Benefits:

Concentrated formula – Economical to use  
Sheeting action – Streak and spot free  
Phosphate and NPE free – Environmentally responsible

## Description:

A unique concentrated rinse agent formulated for use in dish machines and glass washers to achieve good rinsing results. Eliminates spots, streaks and film on dishware, glassware and cutlery and prevents scaling of dish machines and plugging of rinse nozzles.

## Caution:

- Keep out of reach of children
- Read MSDS completely before using this product

## Directions & Dilutions:

Automatically injected into the final rinse line of the dish machine or glassware using appropriate dispenser. Typical use levels range from 100 to 300ppm depending on specific water conditions and operating variables.

*Consult your Swish Representative for detailed wash instructions for your specific applications.*
